

## The Zantech Team for PMSS3

Zantech assembled a team of subcontractors who are experienced in providing support to PEO EIS, the U.S. Army, and the DoD; many of these companies have experience providing support on PMSS2, the predecessor contract. The table below provides an overview of our Teammates and their experience. This Team is well qualified to provide the full range of functional support to PMSS3 customers.

The Zantech Team Companies			
	<b>Abacus</b> has 15 years of U.S. Army project experience at Forts Carson, Hood, Leavenworth, Meade, Myer, and Sam Houston		<b>aXseum</b> provides technical solutions to Government and commercial clients including 90 U.S. Army locations worldwide
	<b>Binary Group, Inc.</b> , a PMSS2 prime, provides extensive experience in supporting current PEO EIS and CIO G-6 programs		<b>BRTRC</b> provides program management support services for Army customers including PM DCATS, PM AMS, and PM CCS
